THE *Star Rose* GUIDE TO GARDEN PLEASURE

THE CONARD-PYLE CO.
WEST GROVE, PA. 19390

NEW FOR 1967

Big Red (*shown on front cover*) Hybrid Tea. (The House of Meilland.) *Plant Pat. App. For.* Here is a big, bold, boisterous rose with huge, dramatic, dusky-red blooms 6 inches or more across. Not only are these blooms big, but there are many, many of them. One plant will produce a gigantic living bouquet in your garden that will be a display in itself. The color is a deep, vibrant, dusky-red, slightly less intense on the underside of the petals, which gives the rose a most pleasing texture. The buds are robust, full and well pointed, opening into fully double, high-centered blooms. Petals are unusually large, curling slightly in classic rose form to produce an exceptionally firm bloom for so large a rose. The plant is tall and upright but somewhat spreading, to take care of the many blooms it habitually carries all season long. Excellent, large, grey-green foliage covers the plant well.

$3.50 ea.—3 or more, $3.10 ea.

Lady X (*left*) NEW FOR 1967! Hybrid Tea. (The House of Meilland.) *Plant Pat. App. For.* Lady X is an exciting new color in roses—a soft, cool, pink-lavender, ever-so-lightly brushed with polished silver. It's a refreshing color that's hard to describe but quick to catch and please the eye. Though delicately beautiful, the color holds well, making Lady X a fine cutting rose, as well as providing a fine display in the garden. The "high-fashion" stylish bud is long and slender, opening slowly into a double, high-centered bloom made even more attractive as the petal edges roll outward in "scroll-like" fashion. The long-lasting flowers are of good substance, medium large, in size and held on tall, graceful stems. A quite tall, well-branched plant makes Lady X a "back-row" rose. Thorns are scarce, and heavy green foliage is perfect for the height of the rose, complementing its lovely color. Lady X is truly aristocratic as any great lady must be; a light alluring fragrance identifies her as a woman of exquisite taste.

$3.50 ea.—3 or more, $3.10 ea.

NEW FOR 1967

Summer Rainbow *(below)* New for 1967! Hybrid Tea. (E. G. Hill.) *Plant Pat. App. For.* Summer Rainbow is a refreshingly beautiful rose that is strikingly different. This Hybrid Tea has the unusual distinction of having two different colors so harmoniously blended it is difficult to tell where one begins and the other leaves off. Summer Rainbow is refreshingly beautiful with petals of rich-textured pink underlaid with a mist of fine chrome-yellow. It is the kind of rose that always seems to sparkle even in the hot mid-day sun. In bud and bloom, this rose has superb form. The bud is solid but sculptured, much like the famous Peace rose, and opens into a fully double bloom of 50 to 60 petals with good substance. This buxom beauty is of medium height with straight sturdy stems and very full, medium green foliage. Blooms come usually one or two to a stem. It's an excellent cutting rose, and cut you can—for it will provide you with tremendous flushes of bloom throughout the season . . . You'll like Summer Rainbow for its tremendous ability to please.

ALL-AMERICA AWARD WINNER FOR 1967

Bewitched *(above)* New All-America Award Winner for 1967! Hybrid Tea. (Lammerts.) *Plant Plant App. For.* Bewitched is endowed with a luminous rose-pink color of remarkable uniformity and long life. The slightly lighter shadings on the reverse of the petals provides a charming and delicate two-tone effect. Long, gracefully pointed buds, especially attractive at the one-fourth open stage, open slowly to high-centered, large flowers of 35 to 40 petals and up to 5 inches across. The large, spicy-fragrant blooms are held erect on long strong stems. The plant is remarkably vigorous, of tall, compact habit and is covered with most attractive, medium green, holly-like foliage. This superb offspring of the famous Queen Elizabeth rose, with its vigor, disease resistance, beauty, fragrance and free bloom, is bound to please all who grow it.

$3.50 ea.—3 or more, $3.10 ea.

Pink Peace (*left*) Hybrid Tea. (The House of Meilland.) *Plant Pat. 1759.* This deep dusky-pink masterpiece is famous for its terrific size and continuous free bloom. It has a most unusual and beautiful color—the dusky-pink is rich, soft and fetching, yet there's a luminous, shimmering quality that seems to give an effect of soft highlighting to this magnificent rose. The very shapely, robust buds open to huge, fully double flowers of satiny loveliness. The appeal of Pink Peace is rounded out by a tall-growing, disease-resistant plant with enormous vigor. Growing upright, well branched and bushy with good strong canes, it is an excellent "back-row" rose as well as being perfect as an accent plant by itself. Well-distributed, large leaves of forest-green provide the perfect framing for plant and blooms. Strong, pleasing fragrance.

$2.75 ea.—3 or more, $2.40 ea.

Mister Lincoln (*right*) Hybrid Tea. (Swim & Weeks.) *Plant Pat. 2370.* We believe this to be the finest red rose of all time. Strong, vibrant and beautiful, Mister Lincoln produces masses of deep velvety-red blooms, 6 inches wide, that stand tall on the plant and provide a perfect balanced display of both plant and bloom. The bud is long, full and well pointed, becoming urn shaped as the petals begin to curl back from their high centers. The huge bloom is solid, with good substance and holding qualities. The flowers are ideal for cutting, too—long-stemmed beauties that hold their form and color well and look especially brilliant in a bouquet even under artificial lighting. With heavy, well-branched canes that stand strong and tall, Mister Lincoln, used as a plant standing alone or placed in the "back row," lifts your garden to new heights of beauty. Large, glossy, dark green leaves are tailor-made for this very vigorous plant.

$3.50 ea.—3 or more, $3.10 ea.

Star Rose® Guarantee

Our roses are guaranteed to grow and bloom as they should for one growing season. If they do not, we will replace them or refund the purchase price.

Chicago Peace (*right*) Hybrid Tea. (Johnston.) *Plant Pat. 2037.* Chicago Peace is a sport of the greatest of all roses, Peace. It has all the superior qualities of Peace, plus fragrance and a richer color. Shimmering pink, canary-yellow and occasional copper tones at the petal bases and undersides, cover the huge blooms in dramatic fashion. No two blooms ever seem exactly alike . . . each has a different appeal, giving an overall effect of a huge, rich pink tapestry. The bud is large and solid . . . a lovely promise of the great flowers to come. Huge blooms, up to 7 inches across, come one to the stem. Fifty to 60 large petals form a delightful, high-centered flower which curls gracefully outward at maturity. Very strong, medium long stems support the flowers easily. The bushy plant grows upright and produces heavy canes as well as large, glossy foliage of a rich parsley-green. There is a fragrance which, though light, is intensely sweet and reminiscent of the old-fashioned Tea rose.

MISTER LINCOLN
CHICAGO PEACE
GOLDEN GIRL

$10.80

Royal Highness (*left*) Hybrid Tea. (Swim & Weeks.) *Plant Pat. 2032.* The freshest of fine, clear, light pink coloring and exceptionally pleasing perfume give Royal Highness enormous appeal. From bud to bloom, this rose is the perfect example of what a rose should be. Long, beautifully shaped buds open into the loveliest of flowers. High centers and gracefully turned petals form the most delightful rose shape. Blooms come singly on long, clean, erect stems, perfect for cutting. The solid, well-rounded, well-branched plant grows upright to middle height. Rich, dark green foliage is striking against the masses of elegant, silvery pink blooms. There's a sweet, enticing fragrance, too. We suggest you plant 3 or more of these beautiful roses, for you'll find yourself wanting many blooms for cutting.

$3 ea.—3 or more, $2.65 ea.

Tropicana (*top right*) Hybrid Tea. (Tantau.) *Plant Pat. 1969.* You seldom see a color as outstanding as this. It is an orange-red—intense, not deep but full of a luminous quality. The color holds well, too, making Tropicana an unusually good rose for cutting. Every cane bears one or more medium large, 4½ to 5-inch blooms, each with a good strong fragrance. Notable, too, is the well-branched, well-shaped bush covered with substantial, shiny green foliage, decorative in its own right. This rose is a tall but bushy grower with good disease resistance. Tropicana is bound to please you beyond your expectations. Better order several; you'll be glad you did when you start cutting those gorgeous blooms.

$3.75 ea.—3 or more, $3.30 ea.

Golden Girl (*below*) Grandiflora. (The House of Meilland.) *Plant Pat. 1912.* An exceptionally fine yellow rose that produces a tremendous amount of bloom all season long. Clear, solid yellow, sculptured buds open into magnificent, perfectly formed, fully double flowers 4 to 5 inches across. We believe Golden Girl to be one of the very best pure yellows. The over-all appearance of this rose is unusually good . . . buds, bloom, foliage and plant have a wonderful, cool, clean, crisp look at all times with excellent balance. The plant is a pleasing sight in itself—very upright, shapely, well branched and vigorous. With its great freedom of bloom and growth —its excellent substance and color—its touch of perfume and fine foliage, Golden Girl is bound to be a favorite yellow rose for many years.

Four Fine Roses for Cutting

ROYAL HIGHNESS
TROPICANA
GOLDEN GIRL
MONTEZUMA

$11.25

Montezuma (*left*) Grandiflora. (Swim.) *Plant Pat. 1383.* Typifies the true Grandiflora with its wonderful Hybrid Tea-like blooms and its plentiful supply of flowers. This is a brilliant rosy salmon color that holds well. The bud is rather short, but shapely . . . very attractive in itself. Blooms are high centered, composed of from 30 to 40 petals, and come on medium long, strong stems. Montezuma is a tall rose, growing up to 5 feet; it is bushy, almost as wide as tall and well branched. Foliage is medium sized, of semi-glossy, very appealing light green. A light touch of fragrance adds to the beauty and value of this excellent rose.

$3 ea.—3 or more, $2.65 ea.

Christian Dior (*left*) Hybrid Tea. (The House of Meilland.) *Plant Pat. 1943.* Magnificent crimson-red with an iridescent scarlet combine with exquisite form to make Christian Dior an outstanding red rose. This is a rich exciting rose whose vivid, velvety red coloring remains beautifully steadfast throughout its life regardless of time of season or weather. It does not "blue" as it ages, making it an exceptionally fine rose for cutting. In fact, the color actually grows brighter with artificial lighting. The bloom is solid, its 50 to 60 petals forming a large, high-centered, very double bloom of exhibition quality. The bud is medium large and pointed and opens slowly. The bush is tall, vigorous and upright, best planted in the back row. Rich green foliage and a light tea fragrance add to this superb rose.

$3 ea.—3 or more, $2.65 ea.

Camelot (*right*) Grandiflora. (Swim & Weeks.) *Plant Pat. 2371.* Camelot is a luminous, coral-pink rose with a shimmering iridescence. The buds, high centered at first, then somewhat cupped, open to blooms of classic beauty, 5 inches and more across, each having a very rich, spicy fragrance. Substantial double blooms of firm substance are borne usually in candelabras of three or more on long, strong stems. Tall, sturdy canes hold them upright, ready for cutting or admiring. Bloom comes freely all summer long. What's more, the distinctive, lively coral-pink remains rich and radiant throughout the summer. This is an easy-to-care-for variety, too. The plant is tall, quite vigorous and covered with lustrous deep green leaves. Camelot has just about everything you could want in a rose—beauty, vigor, lots of bloom and long-lasting qualities. You'll like it.

ANYONE CAN GROW ROSES...

You don't have to be a professional to grow big, beautiful roses. Really, all you need is a sunny spot and Star Rose plants; then follow the simple planting directions that come with your "guaranteed to grow" Star Roses. Believe us when we say it is that easy. And believe us, too, when we say that rewards are great. Roses will give you continuous bloom from late May through late September in most areas—each plant producing hundreds of blooms in a season. There's nothing like a rose garden, large or small, to give you a chance to "get away from it all." Roses offer so much for little cost and time spent. Try your hand at growing roses; you'll see what we mean.

Lucky Lady (*right*) Grandiflora. (Swim & Armstrong.) *Plant Pat. App. For.* This new Grandiflora is outstanding for the lovely and unusual pink color of the buds and flowers; for the exceptional vigor of the rounded, beautifully foliaged plant; and for the great quantities of blooms it carries. The urn-shaped bud is larger than average, and the double flower is made up of 25 to 30 large petals which recurve gracefully and give a fully double appearance throughout its life. The flower is actually a bi-color—light, clear pink on the face of the petal and deeper, reddish pink on the reverse—a most lively, cheerful shade of pink. Typical of a Grandiflora, this free-blooming variety carries some of its flowers in clusters, but most of them on single, strong stems. A tall, vigorous grower with excellent foliage, Lucky Lady is a wonderful addition to the world of pink roses.

$4 ea.—3 or more, $3.55 ea.

Lady Elgin (*above*) Hybrid Tea. (The House of Meilland.) *Plant Pat. 1469.* Medium long, well-sculptured buds of rich, deep orange open to beautiful blooms of slightly lighter apricot tones with tints of orange and just a hint of red. Lady Elgin is a warm inviting rose of unusual exhibition quality. Her buds open to large, solid blooms of 35 to 45 big, firm petals with fine texture, and the distinctive color remains vivid throughout the life of the bloom. Lady Elgin is a tall rose, strong and upright. The long, strong, husky canes are substantially covered with most attractive sea-green foliage which highlights the rich colors. A subtle, lovely perfume adds that final "just right" touch.

LADY ELGIN
INDIANA
SUTTER'S GOLD
CANDY STRIPE

$10.60

Indiana (*above*) Hybrid Tea. (The House of Meilland.) *Plant Pat. 2597.* Indiana is one of the brightest red roses you've ever seen. It's a true red, a solid, bright cardinal-red that's sure to please. Beautiful, bright red buds open to high-centered, fully double, cup-shaped blooms of excellent form and profile. The large blooms of 35 to 40 petals are held firmly upright on strong stems of medium length. An unusual feature of Indiana is that the tremendous quantities of brilliant blooms are set so close to the compact, well-branched bush that they seem to become part of it—creating a rich tapestry of green and red. Foliage is heavy, large, deep green and plentiful, covering the medium tall, strong-growing plant in a solid mass. Indiana's fragrance is light but pleasing.

$3.50 ea.—3 or more, $3.10 ea.

Sutter's Gold (*below*) Hybrid Tea. (Swim.) *Plant Pat. 885.* This fine All-America Award Winner is a delightful gold, touched with flushes of pink and vermilion and a dash of copper. The bloom seems to actually gleam as the sun highlights the copper and gold. Buds are medium long, slender and well pointed, with the dark, rich copper tones displayed prominently as the bud unfurls. Blooms are medium large, 4 to 5 inches across, with good substance and excellent high-centered form. They are held firmly upright on strong stems. The very strong, vigorous plant is covered with dark, leathery foliage—an excellent background for the bright blooms. Add to this a rich, intense fragrance and you can see why Sutter's Gold has won the Geneva and Bagatelle Gold Medals, as well as the All-America Award.

$3 ea.—3 or more, $2.65 ea.

Candy Stripe (*above*) Hybrid Tea. (McCummings.) *Plant Pat. 2278.* Candy Stripe is a deep dusky-pink with stripes and streaks at random, in off-white and light pink, running through the inside of the petals just as shown in the illustration . . . a most unusual rose that is as beautiful as it is different. A sport of Pink Peace, this rose produces great quantities of big, colorful blooms. Candy Stripe's huge, solid, but well-pointed buds open to 6-inch blooms containing 60 to 65 gaily striped petals. The plant itself is quite tall, standing strongly upright, and has fine growing ability. Foliage is very striking, medium green with lighter green ribbing, and covering the sturdy canes right up to the base of the flower. Candy Stripe is more than a good rose—its beauty is uniquely different.

$3 ea.—3 or more, $2.65 ea.

Garden State (*below*) Grandiflora. (The House of Meilland.) *Plant Pat. 2349.* This rose has an inviting, deep cool-pink color which keeps its crisp freshness even on the hottest days. The beauty of deep pink or light red buds opening to an appealing, delightful cool-pink is further enhanced because Garden State is so conveniently tall to show them off. Buds are exceptionally beautiful—urn shaped, unfurling slowly into a large, lovely, solid bloom with 35 to 45 big satiny petals of firm texture. The color, form and strong stems make this rose ideal for cutting to use in arrangements for exhibiting. Very strong, thick canes carry the blooms usually one to the long stem, but sometimes in candelabras of several. Foliage is a deep, glossy green, very thick and luxuriant. Fragrance is a light tea but very pleasing. Garden State should be planted in the "back row," however, where its impressive stature will not be lost.

$3 ea.—3 or more, $2.65 ea.

White Knight (*above*) Hybrid Tea. (The House of Meilland.) *Plant Pat. 1359.* The first white Hybrid Tea All-America Award Winner . . . a clean, pure white rose that does not fade. White Knight gives you classic, exhibition type buds and blooms of exceptional quality. The perfectly shaped buds open to large, satiny white blooms up to 5 inches across, coming usually singly on strong stems. White Knight is the kind of rose that offers you just about everything in spite of the fact that it is just a little bit on the delicate side. Bud and bloom are exceptional; excellent form, substance and holding qualities make this a long-lasting rose, on the plant or as a cut flower in an arrangement. The plant has moderate vigor and good disease resistance and grows to about 3 feet in height. To appreciate the elegance of White Knight, plant it in the front or middle of your garden.

$2.75 ea.—3 or more, $2.40 ea.

Summer Sunshine (*below*) Hybrid Tea. (Swim.) *Plant Pat. 2078.* This rose is big, bold and solid. It is one of the yellowest yellow roses we know of. It's a deep solid color that fairly gleams in the sunlight . . . and stays bright and clear right up to the end of the bloom. The big, classic Hybrid Tea buds open to a large, gleaming burst of bloom, up to 5 inches across. Coming usually on good-sized, single stems, Summer Sunshine is a fine rose for cutting, for the rose and the color hold up well and add brilliance to any arrangement. The strong, vigorous, semi-upright plant is medium tall, well branched and attractive. It's a good "front-row" rose that will give you consistently large quantities of golden blooms all season long. An appealing, light fragrance lingers over the blooms, providing an enticing atmosphere.

WAR DANCE
SUMMER SUNSHINE

$10.55

War Dance (*above*) Grandiflora. (Swim & Weeks.) *Plant Pat. 2017.* A red-hot flaming rose of a brilliant fiery orange mixed with vivid scarlet. This is an exceptionally vivid color and sometimes, particularly in cool weather, the petal edges are tinged with black to produce a unique and most beautiful effect. Quite dark in the tight oval bud, War Dance erupts into a flaming, very double, high-centered flower. Blooms come one or several to the stem and have up to 40 petals of good substance and holding qualities. The plant is very stocky; large canes of medium height grow rather spreading—almost as broad as high. In fact, War Dance is a rose you will want to plant in the front row or in an area where you need a spot of bright color to complement taller growing plants. The foliage is exceptionally fine; its deep copper-green forms a solid mass over the entire plant. War Dance is a rugged, dependable performer that creates a hot spot of color with just one plant . . . spectacular when in groups of two, three or more.

$2.75 ea.—3 or more, $2.40 ea.

Lowell Thomas (*left*) Hybrid Tea. (Mallerin.) A true, rich, unfading yellow with blooms opening to high-cupped, bright flowers of 25 petals or more and measuring up to 4 inches across. Buds are average long, oval but attractive. A slight tea fragrance comes from flowers borne generally in clusters of 3, 4 or more on medium stems. Plant is bushy, medium height—a good grower. Large, lustrous green foliage.

PEACE
LOWELL THOMAS
PICTURE
CRIMSON GLORY

$6.90

Peace (*right*) Hybrid Tea. (The House of Meilland.) For years this rose has been the standard by which other roses have been judged. Peace is breathtaking in its beauty, size, color and form. In fact, this rose has been a "best seller" year in and year out for the past 15 years or more. The bud of Peace is a delightful golden yellow, enlivened by a flush of vivid pink at the petal edges. The bloom shows delicate tints of yellow, pale gold, cream and ivory blending out to a lightly ruffled edge of delicate pink. Peace's very double blooms are huge, many times 6 inches or more across, but always retaining their color, fresh appearance and form. Peace is a long-lasting cut rose, too. The plant has long, straight, magnificently strong stems and handsome, dark green foliage. If you have never grown this fabulous rose, you're really missing out on something wonderful.

$2 ea.—3 or more, $1.75 ea.

Picture (*right*) Hybrid Tea. (McGredy.) Here is a fine rose that is not nearly as well known as it should be. Picture is truly a picture of loveliness—a soft, velvety rose-pink that holds well in spite of its delicate appearance. Well-formed buds open to excellent, high-centered blooms of 35 or more petals. Blooms freely all season long. Picture is a moderately tall grower with good foliage, vigor and a light, pleasing fragrance.

$1.75 ea.—3 or more, $1.55 ea.

2 SPECIAL ROSES FOR CAREFREE BEAUTY AND AMAZING VERSATILITY

LOW HEDGE

TIED TO TRELLIS

Sea Foam (*above*) Hybrid Shrub Rose. (Ernest Schwartz.) *Plant Pat. 2463.* One of the most adaptable, most remarkable and most useful new roses of all time. It is unique. The lovely blooms come in masses of medium size to large clusters or trusses. The small, well-formed, pointed buds open to 2 to 3-inch, double blooms of pure white that age gradually to a delicate lovely cream color. Sea Foam is a tough, hardy, vigorous rose and almost completely free of any disease. You simply plant it and forget it. Sea Foam grows 2 to 3 feet high and as many feet wide. The blooms come continuously all season long in foam-like clusters on a sea of green. Light spicy fragrance. Use Sea Foam as a specimen plant; as a border or low hedge; tied to a trellis or fence it makes a fine white pillar rose. Also a perfect ground cover.

$3 ea.—3 or more, $2.65 ea.—25 or more, $2.40 ea.

The Fairy (*above*) (Bentall.) An absolutely foolproof plant that has almost every good quality you could want in a rose. The Fairy is a beautiful 2 to 3-foot shrub that bears hundreds of appealing seashell-pink flowers in large clusters and blooms all season long. Planted alone, the solid sprays containing hundreds of lovely pink blooms make a decorative, eye-catching lawn specimen—a real conversation piece. Planted in a row, it is a colorful hedge. The Fairy grows very vigorously and will eventually become as broad as tall. It is resistant to diseases and insects and provides constant bloom all season long. The small, shiny foliage is a beautiful green, which adds an extra ornamental quality to this fine rose. The delightful flowers make wonderful bouquets, too. You'll love The Fairy's constant carefree beauty.

$2 ea.—3 or more, $1.75 ea.—25 or more, $1.60 ea.

STAR CLIMBING ROSES

Blossomtime *(left)* (Everblooming) (O'Neal.) *Plant Pat. 1240.* This is a fine climber with two-toned pink flowers that come in profusion. Beautifully formed buds open to lovely double blooms of light pink on the inside of the petals and a dark rosy pink on the outside. Pleasing fragrance.

$2.50 ea.—3 or more, $2.20 ea.

Golden Showers *(top right)* (Everblooming) (Lammerts.) *Plant Pat. 1557.* The finest yellow climber because it is so free blooming. Produces beautiful 5-inch blooms of solid daffodil-yellow. The plant is amazingly vigorous—so strong and thick are the canes that the plant will almost stand by itself.

$2.75 ea.—3 or more, $2.40 ea.

Blaze *(lower right)* (Improved Repeat Climber) (Kallay.) This is the brilliant red rose seen everywhere. This improved strain now gives you colorful masses of flowers in June and again in fall, with some flowers in between. Bloom is medium size, 2 to 3 inches across, slightly fragrant and is produced on a very hardy, vigorous bush. The most popular climbing rose there is.

$2 ea.—3 or more, $1.75 ea.

OTHER SELECTED STAR CLIMBERS

CLAIR MATIN (Everblooming) (The House of Meilland.) *Plant Pat. 2186.* Provides an abundance of semi-double, pleasing pink blooms in large clusters. Extra hardy and vigorous. Blooms almost continuously. Excellent, thick foliage.

$3 ea.—3 or more, $2.65 ea.

CITY OF YORK (Tantau.) Not a repeat bloomer, but it is the finest white. In spring it is a solid mass of lovely, very fragrant, creamy white blooms. Excellent foliage; very vigorous.

$2 ea.—3 or more, $1.75 ea.

CLIMBING CRIMSON GLORY (Repeat Blooming) (A. Naungayan.) A beautiful bright red climber with flowers like the regular Hybrid Tea bush. Intense, pleasing fragrance.

$2.75 ea.—3 or more, $2.40 ea.

CORAL DAWN (Everblooming) (Boerner.) *Plant Pat. 1117.* The 4½-inch, soft, beautiful rose-pink flowers cover the bush in clusters. Bloom is large, with nice fragrance. Strong grower with good foliage.

$3 ea.—3 or more, $2.65 ea.

DON JUAN (Everblooming) (Malandrone.) *Plant Pat. 1864.* The large, neatly formed buds open to large, fully double, 5-inch flowers of rich, dark red. Blooms continuously and has a very strong, pleasing fragrance. Very hardy.

$3 ea.—3 or more, $2.65 ea.

RED EMPRESS (Everblooming) (Mallerin.) *Plant Pat. 1573.* Vivid, rich red, 5-inch blooms. The exceptionally fine foliage and pleasing fragrance make this a fine rose for cutting, too.

$2.50 ea.—3 or more, $2.20 ea.

We Are Pleased To Send You This Special Garden Guide...

. . . as a reminder that planting time—and Spring are almost here. True, you still have time to order, but so often Spring comes on us before we realize it and we don't want you to miss the opportunity to get your order in and your roses planted.

This special catalog contains an especially selected group of roses and perennials. We know you will be pleased with any of the kinds you order. *We do urge you to order now* while a good selection is still available and there is still time to plant. However, we do ship plants through the middle of May just in case your order is delayed.

PLANTING GUIDE

This 24-page booklet is a helpful and simple guide to rose planting and culture. It describes and pictures the steps to successful rose growing. It also contains information on pruning, spraying and dusting. Gives facts, too, about planting and growing perennials and bulbs. We have prepared this Planting Guide as a service to you. A copy is sent FREE with every order.

NOTES ON ORDERING BY MAIL

- "3-for" prices apply to 3 of one variety shipped to one address at one time.
- "Offer" prices apply only when shipped to one address at one time. Because of the special prices, we cannot make changes in offers. We do substitute in offers late in the season when certain kinds may be sold out.
- With your permission, if a kind you order is sold out, rather than disappoint you, we will send you another kind of equal or greater value at no extra charge to you. On special "Offers" we give this service whenever necessary even without your instructions to do so.
- Prices are for dormant roses, Spring, 1967.
- WE PAY THE POSTAGE ON ALL ORDERS shipped within the continental U. S. A. On orders over $10, packing is free—otherwise there is a packing charge of 50c per order.
- Pennsylvania customers, please add 5% sales tax.
- Rose plants are medium height (American Rose Society rating) unless otherwise mentioned.
- Rose plants are 2-year-old, field-grown, No. 1 grade—top quality—and will be shipped at the proper planting time for you in your locality.

Two Garden Centers To Serve You

In addition to serving thousands of customers by mail, we have the pleasure of personal contact with many thousands more who visit our garden centers. If you live within driving distance of West Grove or Lancaster, Pennsylvania, perhaps you will find the opportunity this spring or summer to come to see our facilities and the rose fields in bloom. Our West Grove garden center is located just off U. S. Route 1, 35 miles southwest of Philadelphia, 14 miles from Wilmington, Delaware, 65 miles from Baltimore, Maryland. Our Lancaster center is on U. S. 230 (By-Pass) ½ mile west of Manheim Pike. Both centers are open 7 days a week, all year around. The rose fields are located near West Grove, and are in bloom from July to October. We would like to have you visit us.

COLORFUL HARVEST

INDIAN SUMMER

Indian Summer From mid-September until frost, Indian Summer gives you tremendous 7-inch blooms—a striking deep red-bronze with a gold reverse on each petal. A really rich and dramatic fall color. Tall grower. Rich foliage covers plant completely.

Golden Arrow This is a real football type flower. The fine deep golden yellow incurves to form a very substantial bloom of up to 6 inches. Late September blooming. This is the best of the yellows.

Silver Song A very outstanding pure white, solid, semi-incurved formation with flowers up to 5 inches. Outstanding vigor and production of bloom. Grows to medium height. Blooms about Sept. 15.

ALL HARVEST GIANTS: 85c ea.—3 or more, 70c ea.

GOLDEN ARROW

SILVER SONG

PUMPKIN

GIANTS—BIGGEST OF ALL MUMS—

Pumpkin An unusual butterscotch color that holds well. The rounded bloom has perfect flower formation on compact plants. Large 5-inch blooms make outstanding cut flowers. Grows to medium height. Blooms late September.

September Song One of the first mums to flower. This medium rose-pink blooms continuously from the first flowering until hard freeze. Compact, medium height, bushy plant with excellent foliage. Medium grower. Blooms about Sept. 15. Exceptionally fine for cutting, too.

Full Moon White blooms with yellow-tinged centers. Many 6½-inch flowers. A very rewarding mum from every aspect . . . good color, large flower, solid plant and the ability to provide many gorgeous blooms. Tall grower. Blooms mid-September. This could easily become your favorite.

Bronze Song This is a low, compact grower with very big flowers in solid bronze. Flowers in mid-September. An excellent mum for borders or for the front row of your mum bed. Grows to medium height. Blooms about Sept. 15.

Autumn Leaves A wonderful, richly colored mum—a gorgeous bronze with king-size blooms. Fine, sturdy plant carries them well and produces them freely. Tall grower. Blooms about Sept. 25. Plant several for cutting.

Touchdown This lovely mum is a very deep rose-pink. Extra large, solid blooms, up to 6½ inches across, cover the plant. You need this one for good color late in the season. Tall grower. Blooms about Sept. 20.

ALL HARVEST GIANTS: 85c ea.—3 or more, 70c ea.

These Harvest Giant chrysanthemums are of the size and type that heretofore were grown in greenhouses and sold at football games. Now you can grow Star Harvest Giants outdoors the same as any other mums. They are very strong growers and need no special care to grow well. However, to obtain the largest specimen blooms possible, pinch off the first side buds as they appear. This will result in a stronger plant and much larger blooms. You'll enjoy having these lovely, large mums for their size and exciting fall colors. They will be a real center of attraction around your home next fall.

PACIFIC HYBRID DELPHINIUMS

These wonderful Pacific Hybrid Strains stand 6 feet tall at maturity. Plant in April or May and have blooms this year; even better ones next season. Star Hybrid Delphiniums are pot grown, the best way to grow them for better blooms and longer-lived plants. Pictures show types of color only—not exact shades.

ASTOLAT Lovely tones from pale blush to deep raspberry-rose, the nearest to true pink. A richly stunning combination.

GALAHAD Greatest achievement in giant whites. Clear in color. Full, tall spike. A "must" for your delphinium garden.

KING ARTHUR Rich, royal purple with a velvety texture. One of the most brilliant ever developed.

SUMMER SKIES Light, heavenly blue with white bees, representing sky and clouds. The finest light blue.

BLUEBIRD Good, clear, medium blue with white bees. Well-formed round flowers are 2½ inches in diameter. One of the most popular blue delphiniums because of its tall, full, rich blue spikes.

BLUE JAY Another reliable blue, this one ranges in shades from medium to dark blue. A good grower and a little different touch of unusual color shadings. Black "bees" add exciting beauty.

GUINEVERE A rather unusual combination to add variety to your delphinium grouping. Pink-lavender with yellowish bees. Large florets. Good branching habit.

Any 3 for $1.50—6 for $2.75—
